

JANUARY 4 MEETING IS OFF SITE AT NEWPORT HIGH SCHOOL!

Jeff Mason, department head and teacher of the Cisco Systems Networking Academy, will give us a tour of the technology department that is one of the best in the country, and the students will demonstrate their capabilities. Jeff is also co-leader of our (Rotary) computer projects assisted by the Cisco students. (Martinka)

JANUARY 4 MEETING INSTRUCTIONS FOR NEWPORT HIGH SCHOOL

This is a good meeting to arrive by 7:00 am or so, to get to the school before most of the students (so you can easily find a parking spot).

Enter from Factoria Blvd or from 124th SE (to the west of the school). Find a parking spot. The school prefers that we park in the lot(s) closest to Factoria Blvd, on the east side of the campus.

Enter either of the two main entrances. Look for signs directing you to the eating area, which will be at the south end of the commons (or open area) on the main level. After eating we will move to the theater for a short meeting.

IMPORTANT: NO FOOD OR BEVERAGES ARE ALLOWED IN THE THEATER. You must finish your food and coffee before entering the theater. This means you must be done eating before we start the meeting portion.

Phil has a very short meeting planned, and at 7:45 we will break into two groups that will alternate taking tours of the:

Technology Department (one of the best in the country); and the

Culinary Arts Department (see where your breakfast was made under the supervision of a former Four Seasons chef)

These tours will be 15 minutes each and at about 8:15 those wishing to stay will go to the video production room to see what they do.
